## COMPANY PROFILE

E Plast Industries LLP was founded in the year 2011 by Mr. Mohan Varsani and the company is now a key player in the fabrication industry, supplying a wide range of PVC products, PVC profiles.

At present the company has pan India presence with unit located at Ahmedabad which manufactures Prefab House (Insulated Sandwich PUF Panel), Bunk House, Portable Cabin, Security Cabin, School Rooms, Insulated PUF Roofing Panel, Prefab House, PVC Doors, uPVC Door & Window Systems.

Our strategy is to create world class products, so that we can satiate the demands of our consumers and thus, surpass our contemporaries in competition. It is with our integrated efforts and customer service that we have managed to keep

our growth rate on an upward swing; in spite of the present economic turmoil, which has adversely affected people's lives and ways in which business is being conducted.

E Plast Industries LLP is passionate about the role of prefabrication in transforming our built environment, such as decreasing construction time frames and construction waste while increasing quality, productivity and affordability.

At E Plast Industries LLP, we look forward to customer satisfaction. Our main objective is to ameliorate our customers and stakeholders, and in the process strengthen the roots of our organization, so that we can emerge as a behemoth in the fabrication industry.

### OUR MISSION
